

Gateways  
2020

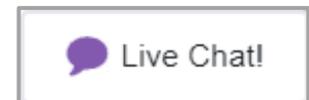

# Gateways 2020

## Quick Start Guide

# Still need help?

Contact us three ways:

1. Email [help@sciencegateways.org](mailto:help@sciencegateways.org).
2. Use Live Chat at the bottom right of QiqoChat.  
*Note that this Chat is visible to all meeting attendees.*
3. Call 734-224-2031.

# Creating an Account

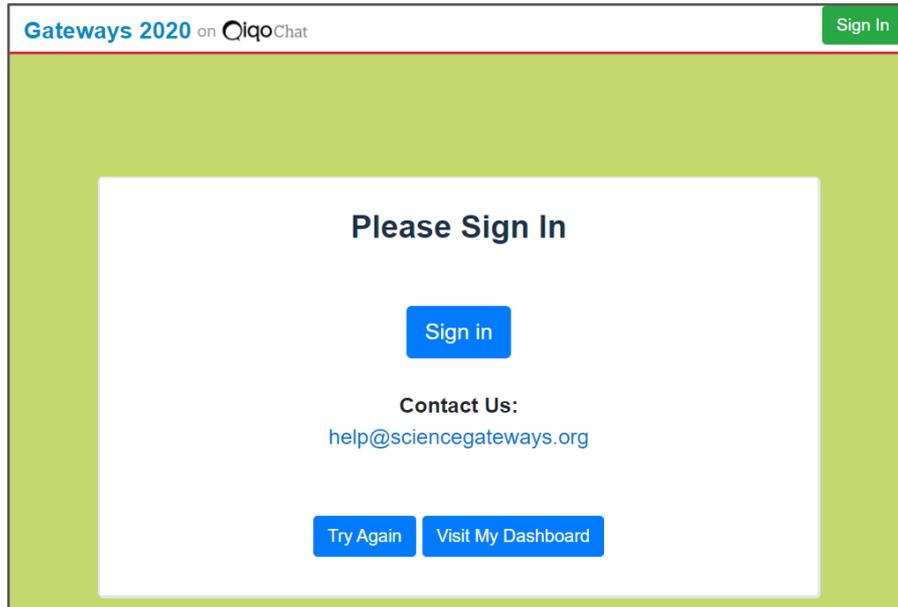

*QiqoChat brings together content, Zoom meeting links, flexible meeting spaces, and our community of participants.*

*You'll be part of the **Gateways 2020 "Circle."***

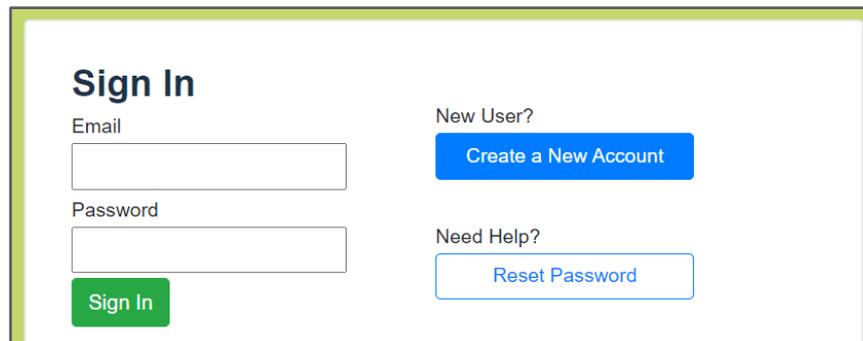

*Within the circle are "**Events.**" Each tutorial or workshop is an "Event," as is the Poster Showcase. During the main conference track, each day's sessions are grouped in one event, too.*

# How to access Gateways 2020

1. Go to <https://gateways2020.qiqochat.com/>.

2. Click "Sign in" then "Create a New Account."

# Create “New Account with Email”

1. Use your full name as your Username. (It is like your name badge!)
2. Enter the E-mail address that you used to register.
3. This uses your location and Zip/Postal Code for a cool participant map.
4. Finally click “Join.”

# Get set up

1. You will be sent a **confirmation email**.

*If you do not receive it (check Spam, too!), email us at [help@sciencegateways.org](mailto:help@sciencegateways.org) to request an account without confirmation required.*

2. **Click the link** to confirm your email address.
3. If you do not already have Zoom installed, click the link to **download Zoom**.
4. **Refresh the page** to enter the conference site.

From: 'QiqoChat Team' <notifications@qiqochat.com>

To: [REDACTED]

Hello, [REDACTED]!

If you have an account for [REDACTED] on Google / Facebook / Slack then you can use that service to sign in next time if that is preferred.

Please [click to confirm your email address](#).

Please [download Zoom](#) so you can participate by audio/video.

**Message from Your Host:**

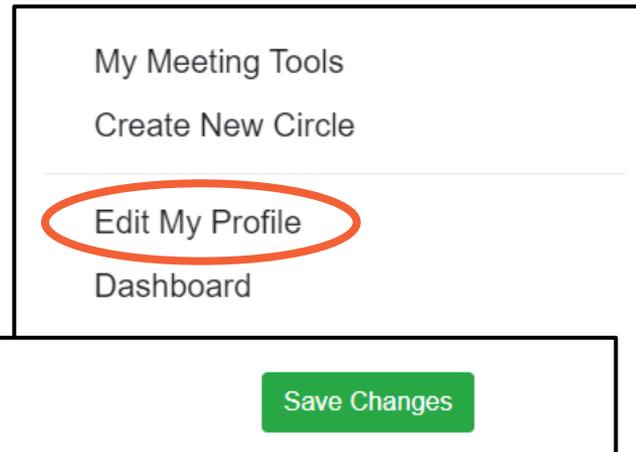

Please let us know if you have any questions or find the conference page here to help!

# Edit your profile

- We encourage you to **take a few minutes to edit your profile** to help people find or reconnect with you.
- *This is in the menu labeled with your name at the upper right.*
- In particular, you can list:
  - What you can offer/ share
  - How you'd like help/ collaborators
  - Skills that you have
  - Links to your social media

A screenshot of the 'Edit Your Profile' form. The form is divided into two columns. The left column contains fields for 'Real Name', 'Username', and 'Reset Password'. Below these are three text areas for 'About Me', 'I am glad to offer/share...', and 'I'd like help/collaborators on...'. At the bottom are dropdown menus for 'Time Zone' (Eastern Time (US & Canada)), 'Country' (United States), and a text field for 'City' (Ann Arbor, MI). The right column features a green 'Save Changes' button at the top, followed by a 'Profile Photo' section with a 'Choose File' button and 'No file chosen' text. Below the photo section are three text areas: 'I want to learn...', 'I can do...', and 'I can teach...'. At the bottom right is a section for 'Links to your blog, Twitter, Facebook etc.' with a note '(just the link; no description needed)'. A blue button with a plus sign and the text 'Quick-Add Common Skills' is located between the 'About Me' section and the 'I want to learn...' section.

# Joining an Event

*The core spaces of the conference*

The screenshot shows the homepage of the Gateways 2020 conference on the OIQOChat platform. The interface includes a header with the event name and a user profile for 'Katherine's Alter Ego'. A navigation menu is visible on the left. The main visual is a network diagram of colorful person icons connected by yellow lines. Below this is a white text box with the following content:

**GATEWAYS 2020**  
**Homepage**  
The fifth Gateways annual conference is an opportunity for gateway creators and enthusiasts to learn, share, connect, and shape the future of gateways.

# The Homepage: Two main links

 Participants

Here's where you find and reach out to other people at the conference.

 Schedule

This lists all the conference events organized into three main types:

1. **Welcome/Help Desk:** Check in here before or during the Tutorials week.  
*Please allow at least 15 minutes to stop by the Welcome Desk and do a brief tech check, or stop by the day before.*
  2. **Tutorial/Workshop Track:** Each tutorial/workshop during the first week (listed individually) offers access to pre-registered participants only.  
*Check your registration confirmation for the tutorials you selected.*
  3. **Main Conference Track:** Each day (Monday 10/19 through Friday 10/23) includes a set of session rooms, including the Welcome/Help Desk, Plenary, Concurrents, Learning Labs, Sponsor Booths, and various social spaces.
- **Note:** The **Poster Showcase** is a stand-alone event that runs the entire week of the Main Conference Track. The kickoff event is Monday, but stop by any time to view the posters.

# Select an event...

- Choose an event from the schedule and click the title.

Created by [Katherine Lawrence](#) in [Gateways 2020](#).

[+ Add to My Calendar](#) [Convert Time Zone](#)

[Join Now](#)

Day 1 gets off to a lively start. In the low-key but energizing kick-off to the main conference track, we'll begin a larger conversation about the impact that your gateways can have on discovery across disciplines and why we're here. We'll also recognize some of the young professionals who are already making a difference in the world of gateways and announce the awardees of the Cloudify Gateways 2020 solicitation, supported by CloudyCluster and Google Cloud Platform.

Concurrent Sessions follow during the second hour of the program (after a 30-minute break). The last hour of the day is the Poster Showcase, listed as a separate event.

Monday Plenary Session - Starting off on the right foot: Welco... [Share](#)

Join Zoom

2 Click the **orange "Join Zoom" button** to join the session. The **"Help"** button provides dial-in info for each room.

1 The **session "rooms"** are listed in the **sidebar**. Stay where you land or click the room for the session you want to attend. Hide, expand, or contract the sidebar with the arrows.

3 This area displays announcements, Sched pages, shared documents, and other resources for **each room**. Hide the sidebar to expand this content.

4 Still need help? Click here.

Drop in during the breaks  
[Networking Lounge](#)

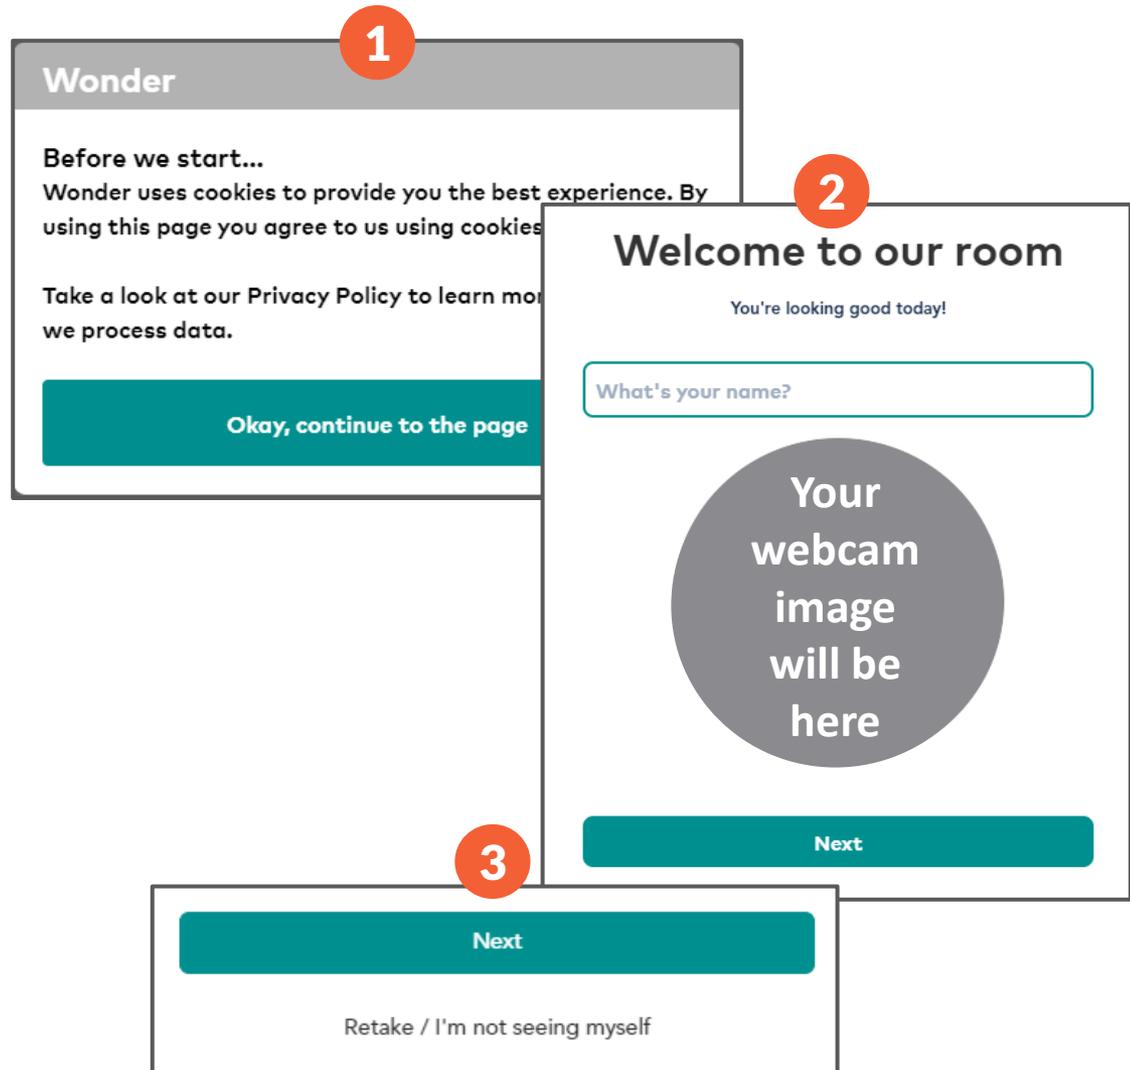

Live Chat

# **Visit the Networking Lounge and other informal spaces**

*Miss the hallway conversations  
with your colleagues?  
Here's where to go!*

# How to network during the breaks

- Go to the “Networking Lounge.”
- You’ll be asked about **cookies (1)** and then for **permission** to use your camera and microphone.
- You’ll see your **webcam image (2)** and be asked for your name, when you click “Next,” it will snap your photo.
  - If you don’t like it, you can retake on the next screen (3).
- You’ll do a quick speaker/microphone test.
- And you’re in!
  - The mouse scroll wheel lets you zoom in and out.
  - Click and hold to move your avatar to a new area.
- Once you’re set up, you should not have to repeat these steps when you return.

# The Networking Lounge

The image shows a virtual networking lounge interface with a colorful gradient background. At the top left, there is a 'Show Sidebar' button. The interface is divided into several sections: a top header, a main central area, and a bottom control bar. The main area contains two labeled spaces: 'Shady porch' on the left and 'Sunny patio' on the right. A small grey circular avatar is positioned in the center. The bottom control bar includes a microphone icon, a video camera icon, and a screen share icon. On the right side, there is a vertical sidebar with icons for a menu, chat, people, and settings. Five numbered callouts provide instructions: 1. Zoom in and out here, or use your mouse scroll button. 2. Click and drag to move your avatar around the space. Get close to another avatar or group of people and you'll pop into a live video chat! 3. The labeled spaces are just an easier way to tell someone where to meet you. 4. See who is here and text chat with anyone. 5. Bonus! You can even share your screen.

# “Meet me at the...”

## Other options for informal meetings

The screenshot shows a QiqoChat interface for a 'Monday Conference Sessions' event. At the top, there is a navigation bar with a back arrow, the event title, and a user profile for 'Katherine's Alter Ego | EN' with a notification badge showing '0'. Below the navigation bar, there is a 'Join Zoom for Coffee Shop' button and a 'Help' button. A callout box labeled '2' points to the 'Join Zoom' button and contains the text: 'Join with Zoom, just as you do for other meeting rooms in QiqoChat.' In the center, there is a 'Meet me at the...' section with a grid of colorful person icons. A callout box labeled '1' points to a sidebar on the left and contains the text: 'Scroll way down the sidebar to see several rooms for meeting with others'. The sidebar lists several meeting locations: 'Outdoor Cafe', 'Lobby Sofa', 'Sunny Patio', 'Outdoor Bench', 'Shady Tree', and 'Quiet Nook'. The background of the interface is a photograph of a modern cafe interior with round tables, chairs, and a leather sofa.

2 Join with Zoom, just as you do for other meeting rooms in QiqoChat.

on October 19 at 4pm ET*

# How the Poster Showcase featuring Sponsor Booths works

The screenshot shows the Science Node website interface. At the top, there's a navigation bar with "Poster Showcase featuring Sponsor Booths" on the left and "Katherine's Alter Ego | EN" with a notification icon on the right. Below the navigation, there are buttons for "Join Zoom for Science Node" and "Help". The main content area features a "SCIENCE NODE Home" header and a large graphic titled "Paths to HPC" with silhouettes of three people. A sidebar on the left lists sponsors: Showcase Hub, HUBzero, IU Pervasive Technology Institute, Open OnDemand, and Texas Advanced Computing Center. A "Connect with us" section at the bottom right includes social media icons for Facebook, Twitter, LinkedIn, and Email. Three callout boxes provide instructions: 1. Start at the Showcase Hub for information. 2. Visit posters or sponsors to view displays and join Zoom for a chat. 3. The official time is October 19 at 4pm ET, but the event is accessible anytime during Week 2.

SCIENCE NODE Home

Paths to HPC

1 As with other events, the first room has information about posters and sponsors. Start at that room for some guidance.

2 Visit posters or sponsors to view their displays, and then join Zoom for a live video chat!

3 While the official time for the Poster Showcase is October 19 at 4pm ET, you can visit this event any time during Week 2. Feel free to contact or leave a message for the presenter/sponsor to set up a time to chat!

# Learning Labs

*Discuss a topic.*

*It can be something you care about  
or an idea from another session.*

# Propose a topic or join a topic

- Learning Labs are on **Tuesday, Wednesday, and Thursday**.
  - Scheduled Labs will be [posted on Sched](#) and at the Welcome/Help Desk.
  - Scroll down the sidebar to find the Learning Lab rooms.
- The form to propose a topic is linked at the Welcome/Help Desk.
- [Read more about Learning Labs](#) on the conference website.

The screenshot shows a conference website interface. At the top, there are navigation links: "Join Zoom for Welcome/Help Desk" (in an orange box), "Help" (in a white box with a red border), "Announcements", "Schedule", "How to Use QiqoChat", "Propose a Learning Lab" (in a dark blue box), and "Code of Condu".

On the left sidebar, there is a "Join Zoom" button with a red arrow pointing to it, and a large "Welcome! & Help Desk" graphic with two person icons. Below this is a "Check in here first" section with a "Welcome/Help Desk" button and a purple profile picture icon.

The main content area features a form titled "Propose a 'Learning Lab' Topic for Gateways 2020". The form text reads:

"Learning Labs" may be one of several styles of impromptu learning:

- Pop-up BOFs (Birds-of-a-Feather Sessions)
- Mini Hacks
- Coffee-break Conversations

We will have three 50-minute periods (listed below) devoted to your ideas. Online meeting rooms will be set up for you to meet with others and discuss the topics of your choice.

This form is where you can propose a topic that you'd be willing to host. (You don't have to be an expert, just interested!) Submit your topic by 3pm Eastern on Thursday, October 22 (1 hour before the last Learning Lab time slot). Topics can be added at any time as long as they're submitted here at least an hour in advance of the desired Learning Lab time slot.

There is no review/selection process, just the willingness to convene a group. We'll post when and where these are happening each day on Sched and in QiqoChat.

At the bottom right of the form, there is a page number "19" and a red asterisk followed by the word "Required".

# New to Zoom? Key features to know

1 Turn on/off your microphone and video, and check the device settings with the tiny menu arrows.

2 In the Participants list, you can raise your hand and send feedback as well as rename yourself.

3 Use Chat to send questions or comments to the presenter or other participants. The button will turn orange if Chat is closed and something new appears.

4 If you'd rather see the current speaker larger than everyone else, switch to Speaker View.
